

## **Environmental Policy**

The Navy Public Works Center, San Diego, Industrial/Oily Wastewater (Code 920) and Containerized Hazardous Waste (Code 930) services, are committed to operating in an environmentally responsible manner. We are dedicated to protecting the environment and pledge to ensure compliance with environmental standards. All DoD employees and service providers are expected to follow this policy and report environmental concerns to management.

We will operate in a manner to:

- Minimize waste, prevent spills and other pollution, and dispose of waste responsibly;
- Conserve and protect natural and cultural resources;
- Reuse, recycle, and purchase recycled materials, where practical;
- Responsibly use energy through conservation, efficiency, and using renewable energy sources, where feasible;
- Be an environmentally responsible neighbor;
- Periodically review, measure, evaluate and improve our environmental system and processes; and
- Comply with relevant and applicable Federal, State and local statutes, regulations, and DoD directives.
